Registration

Registration fees for EM-NANO 2015 are listed below. Additional payment is necessary for the attendee of the banquet. The registration form will be available at the EM-NANO 2015 website. We can accept major credit cards (VISA, MasterCard, etc.).

Registration fee:

	By May 15, 2015	After May 16, 2015
Active participant	30,000 Yen	35,000 Yen
Student	15,000 Yen	20,000 Yen

Banquet fee:

	Pre-registration	On-site registration
Active participant	3,000 Yen	5,000 Yen
Student	2,000 Yen	5,000 Yen
Accompanying person	2,000 Yen	5,000 Yen

Invitation

EM-NANO 2015 on topic of “Organic and Inorganic Electronic Materials and Related Nanotechnologies” will be held in Niigata City, Japan, which is located directly as a front entrance to all of the surrounding countries, China, Korea and Russia on the Sea of Japan. Niigata City, the capital of Niigata Prefecture, is the largest city along the west coast of Japan. All of you are sincerely invited to join this exciting meeting of EM-NANO 2015 at Niigata Convention Center “Toki Messe” in the heart of Niigata City, Japan on June 16-19. We are looking forward to meeting you in Niigata.

Meeting Venue

EM-NANO 2015 will be held at “Toki Messe” (Niigata Convention Center). The meeting venue is located at the mouth of Shinano-river, in the center of Niigata City. It takes about 20 min on foot or about 10 min by bus from Japan Railway (JR) Niigata Station. More information about the meeting venue is available at the website (<http://www.tokimesse.com/english/>).

Conference Scope

This conference is intended to have a strong strategy providing a forum for discussing all related subjects on organic and inorganic materials and nanotechnologies for electronics. In particular, three joint special sessions are scheduled. The aim of these special sessions is to reflect the most recent advances of nanophotonics, bioelectronics and photovoltaics in the field of organic and inorganic electronics and to allow researchers to share experiences and present their state-of-the-art progress.

A. Organic Materials and Devices for Electronics

- A1 Fabrication of organic thin films
- A2 Electrical and optical properties of organic film
- A3 Organic devices
- A4 Organic-inorganic composites and hybrid systems
- A5 Characterization techniques

B. Inorganic Materials and Devices for Electronics

- B1 Fabrication of inorganic film
- B2 Electrical, optical and magnetic properties of inorganic film
- B3 Inorganic devices
- B4 Organic-inorganic composites and hybrid systems
- B5 Characterization techniques

C. Nanotechnologies for Electronics

- C1 Electrical measurement techniques
- C2 Optical measurement techniques
- C3 Magnetic measurement techniques
- C4 Near-field nanotechnologies
- C5 Nano-processing and characterization technologies

S. Special Sessions

- S1 Nanophotonics
- S2 Bioelectronics
- S3 Photovoltaics

Language

The official language of the meeting is English. All printed materials will appear in English.

Submission of Abstracts

Those who desire to take part in this symposium (EM-NANO 2015) should send the registration form (title of the paper, author's name(s), affiliation(s), mailing address, preference (oral or poster)) and A4 one page abstract by **March 16, 2015**. Please indicate your preference of the presentation form (oral and poster presentations). Acceptance notices will be mailed by **April 30, 2015** to the corresponding authors. The forms of the registration and the abstract will be found in the EM-NANO 2015 website.

Submission to Special Issue of JJAP

All the presenting authors at EM-NANO 2015 are encouraged to submit the manuscript to the special issue of Japanese Journal of Applied Physics. The deadline of manuscript submission is set by the end of the meeting (**July 19, 2015**). More information about the manuscript preparation will be announced on the EM-NANO 2015 website.

Plenary and Invited Lectures

Plenary lectures:

- Prof. Satoshi Kawata (Osaka Univ.)
- Prof. Gordon Wallace (Univ. of Wollongong)
- Prof. Hironori Katagiri (NIT, Nagaoka College)

Invited lectures can be seen at EM-NANO 2015 website.
